NEST TABLE LAMP

Specification Sheet

This table lamp brings warmth and atmospheric ambience to any interior. The hand-glazed ceramic shade casts light both beneath and above, creating a sculptural statement fixture that transforms any room with its unique reactive finish and industrial-modern aesthetic. Proudly designed and made in Australia.

Available Glazes / Finishes:

224170 COAST

224191 STORM

224106 RIVERGUM

224102 WHITE OCHRE

224108 POPPYSEED

224127 SHALE

224102 OLIVE

224103 ROSE QUARTZ

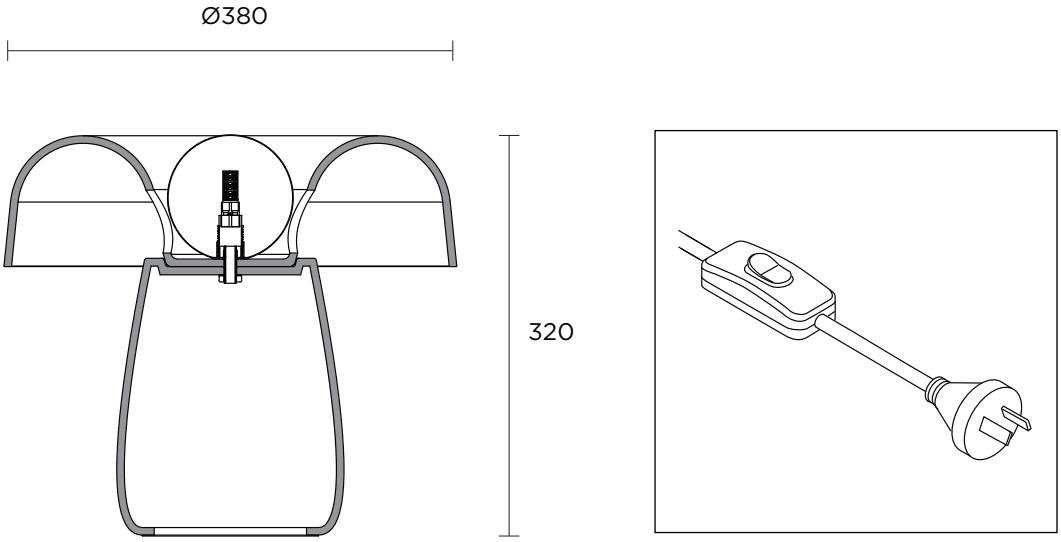

224124S SAND

Disclaimer: Due to the natural characteristics of clay and our high-temperature firing process, variations in colour and shade are an inherent feature of our ceramics. Our reactive glazes create unique finishes, ensuring no two pieces are exactly alike. If you are seeking a particular shade, we recommend selecting your piece in person to appreciate its true colour and finish.

INTERIORS

Thank you for purchasing high quality Australian made product, proudly designed and crafted by Robert Gordon Pottery. All our ceramic lighting products are made from high fired stoneware and adhere to all Australian standards and requirements.

To ensure correct function and safety, please read and follow all instructions carefully before assembly. Keep this document handy for future reference.

Installation instructions:

1. Gently remove all outer foam and excess card packaging. Be careful not to drop any pieces as they are fragile and likely to break. As the foam is biodegradable, it can be either reused, dissolved in water or composted. Make sure all components of lamp are undamaged and the lamp holder **(E)** is fully tightened into ceramic base **(F)** before installation.
2. Carefully position ceramic shade **(D)** over threaded ring of lamp holder **(E)** until piece makes contact with ceramic base **(F)**.
3. Fix threaded collar **(C)** on to lamp holder **(E)** until all pieces come together.
4. Secure the included LED bulb **(B)** into the lamp holder **(D)** with a gentle push.
5. Install glass ball **(A)** onto threaded ring of lamp holder **(E)** by turning clockwise. Turn until pieces are secure but do not over tighten as this may cause either ceramic or glass pieces to break.
6. Your lamp is now ready to use and to bring the perfect ambience to your home!

Please note:

NEVER pick up constructed Nest lamp by the ceramic shade as this could cause damage to the glass ball and ceramic pieces. If you would like to move the lamp, always hold securely from ceramic base.

The Nest lamp is only intented for interior settings and not suitable for outdoor conditions.

Ceramic shade, base and glass ball may be cleaned using a damp cloth, but please avoid lamp holder or any other electrical points of contact. Only clean lamp when it is OFF and disconnected from the wall.

For bulb replacement, this product accepts a MAX 3W LED G9 Globe

Installation requirements

- When replacing bulb, do not exceed the maximum wattage rating.
- Ensure a suitable location for installation. This product is intended for indoor use only. Do not install in front of air flow vents or systems and areas compromised by moisture of dampness. If installation area is prone to moisture an appropriate exhaust fan may be required. Damage caused by corrosion is not a product fault, and as such not covered under product warranty.
- Check entire product before installation for any sign of damage. Do not install product if there appears to be signs of damage in any way.

Safety tips / Maintenance

- Always ensure the power is OFF and the light fitting has cooled down before carrying out any maintenance or cleaning of globe or pendant.
- To avoid damage to lamp, ensure all components such as the lamp holder are secure before connecting to power.
- Ensure that the fitting does not come in contact with corrosive chemicals, etc.

Warranty

- This product is covered by a 12 month warranty, from date of purchase.
- Retain proof of purchase through digital or hard copy documentation.
- Warranty will be void if there is any damage to product, due to improper usage or modification to fitting.
- Failure to follow the instructions in this manual may increase the risk of damage or injury and will void warranty.
- If luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
