Tall Ceiling Light

Specification Sheet

The Tall Cylinder Ceiling Light by Robert Gordon brings sculptural simplicity to considered interiors. Handcrafted in our Melbourne workshop, its elongated ceramic form sits neatly against the ceiling, creating an elegant profile that highlights the glaze's natural variation. Beautiful on its own or repeated throughout a space. Proudly designed and made in Australia.

Available Glazes / Finishes:

227370 COAST

227391 STORM

227319 SALTBUSH

227325 STONE

227302 WHITE OCHRE

227308 POPPYSEED

227327 SHALE

227361 BONE

227306 RIVERGUM

2273OG OLIVE

227303 ROSE QUARTZ

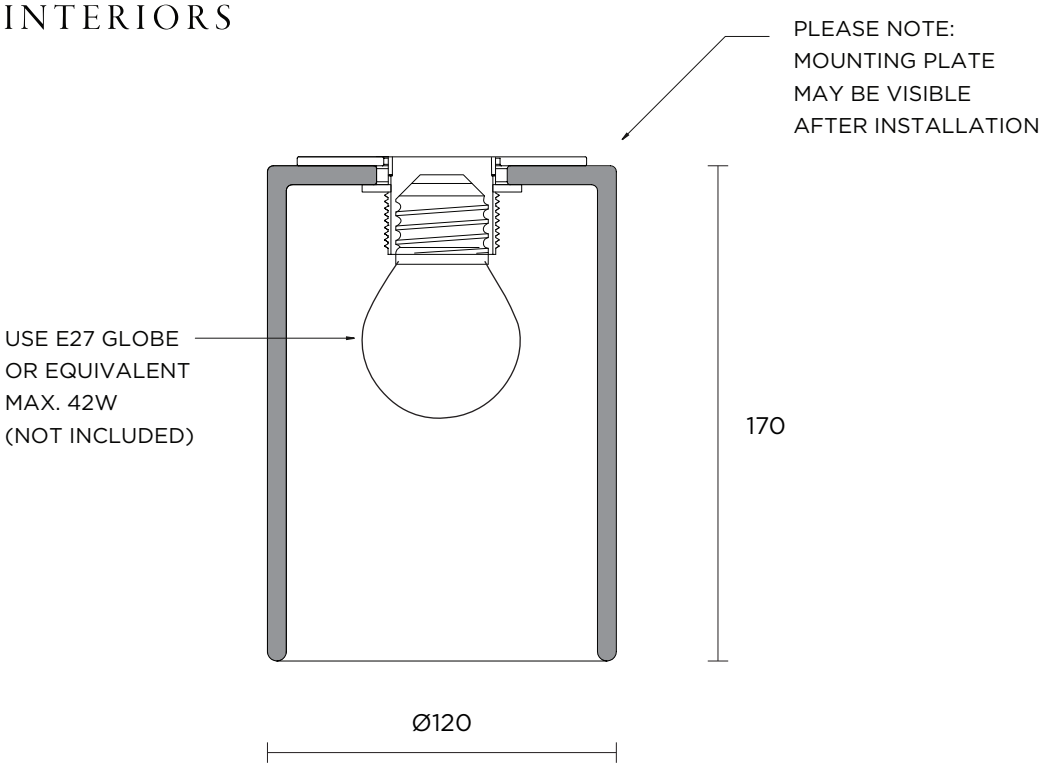

227324S SAND

Disclaimer: Due to the natural characteristics of clay and our high-temperature firing process, variations in colour and shade are an inherent feature of our ceramics. Our reactive glazes create unique finishes, ensuring no two pieces are exactly alike. If you are seeking a particular shade, we recommend selecting your piece in person to appreciate its true colour and finish.

ROBERT
GORDON
INTERIORS

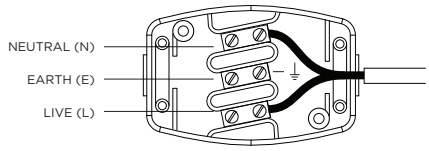

Thank you for purchasing high quality Australian made product, proudly designed and crafted by Robert Gordon Pottery. All our ceramic lighting products are made from high fired stoneware and adhere to all Australian standards and requirements.

To ensure correct function and safety, please read and follow all instructions carefully before assembly. Keep this document handy for future reference.

Installation instructions

1. Remove all packaging materials. Check for and retain small components (e.g., screws) that may be concealed within the packaging.
2. Use a 44mm diameter hole saw to cut an opening at the desired location in the ceiling substrate **(A)**.
3. Insert the terminal block **(B)** through the hole until the mounting plate **(C)** rests flush against the ceiling. Using the outer holes of the mounting plate, mark the positions for the plasterboard anchors **(D)**.
4. Remove the mounting plate. Install the provided plaster board anchors **(D)** at the marked locations.
5. Connect the Live (L), Neutral (N) and Earth (E) according to the markings of the terminal block **(B).** Ensure all connections are secure with no exposed wires.

B

6. Reposition the mounting plate **(C)** over the hole, aligning it with the installed anchors. Secure it using the provided screws **(F)**.
7. Align the ceramic pendant **(G)** with the globe holder, ensuring it is centered. Screw the flange nut **(H)** onto the globe holder's thread to secure the pendant
8. Once all components are securely in place and properly aligned, install an E27 globe (not included).

THIS ITEM MUST BE INSTALLED BY A LICENSED ELECTRICIAN. DO NOT EXCEED THE MAXIMUM WATTAGE RATING.
